Destination Overview

Situated on the Great River Road two hours south of the Twin Cities, Winona has struck a perfect balance between **big-city swagger** and **river-town charm**, and you're going to love it.

We are home to the nationally cast **Great River Shakespeare Festival**, the internationally acclaimed **Minnesota Beethoven Festival**, and several more music, cultural, and film festivals that together draw many thousands of people to the city each year. Winona also boasts the jaw-dropping **Minnesota Marine Art Museum**, where visitors can explore great art inspired by water and exhibitions feature historic and contemporary works of art.

Grand architecture and a half dozen museums offer a glimpse of the city's past as a legendary river port, and local eateries, a brewery and winery, and unique local shops make it a **fun place to wander**.

And for **outdoor recreation lovers**, we are a paradise. Cradled by towering bluffs and the Mississippi River, the area is rich with land and water trails, rock and ice climbing, and dozens of other ways to get outside and enjoy some fresh air.

Some people think it's odd to have all this greatness in one city - we just think it's very Winona - **Surprisingly Weird & incredibly entertaining.**
